Dear Parent/Carer

Re: GCSE Food Preparation & Nutrition

I am delighted that your daughter/son has opted for Food Technology. I feel sure that they will enjoy the new format of the GCSE course.

I suggest that the text book **GCSE Food Preparation & Nutrition Practice Workbook** would be of great help. It has realistic exam-style questions and mark schemes, as well as detailed notes on the subject content. I would also ask you to purchase a food apron at £5.00 and an option of a hat at £1.50.

The course is a very exciting and interesting one and will require your daughter/son to bring ingredients each week. I hope that you will continue to support them in this as the practical sessions form 50% of their final grade.

I trust that your child will work hard to achieve success in their chosen option.

Yours sincerely

S Lewis-Lavender
