

19 September 2018

Dear Parent/Guardian

In Key Stage 4 your son/daughter will sit two exam papers for GCSE Computer Science. To support their learning in this course, which is 100% theory, we have secured access to Edexcel's revision guide, workbook and Daydream Education's pocket poster revision books.

The revision guides and workbooks retail for £6 each and the pocket posters revision books retail for £2.50.

The revision guides are separated into one topic per page to help your child revise more quickly and also include exam-style worked examples to demonstrate good exam technique. The revision guide also provides exam-style practice questions to allow your child to check understanding of certain topics.

If you would like to purchase the revision guides, please complete the slip below and ask your child to return it to school by Friday, 28 September. If paying by cheque please make payable to 'Penwortham Priory Academy'.

This is a great offer that will help your child independently revise for both their mocks and their final exams.

Kind regards,

Mrs S Qadri
Head of ICT & Computer Science
