

25 January 2019

Dear Parent/Guardian

Ref: Science Revision Materials

To support learning in Key Stage 4 we have secured a limited stock of GCSE Science revision guides and flash cards. These are offered to schools at a discount, compared with retail prices, and are compatible with the AQA GCSE specifications that the school follows.

The cards enable pupils to be actively tested on their GCSE Science knowledge. There are 95 cards in each pack, covering every key topic. Each one starts off with quick warm up questions followed by harder questions, with full answers on the reverse, carefully written to help students' understand everything they need to know. Diagrams and expert revision tips are included, as well as questions on working scientifically and practical skills.

If you would like to purchase any of these Science revision materials for your child, please complete the order form attached and return it to school by Thursday, 31 January with the correct remittance (cheques should be made payable to 'Penwortham Priory Academy').

If you are unsure of which materials may be of benefit to your child, please ask them to discuss it with their Science teacher or contact me at school by e-mail on h.young@priory.lancs.sch.uk

Yours sincerely

Ms H Young
Assistant Head teacher
